VOLUNTARY CONTRIBUTION 2020

Please find attached 2020 Charges and Voluntary Contributions information for Kindergarten to Year 6. Financial support provided by parents plays an important role in the provision of resources that extend the school's capacity to add value to students' learning experience. Estimates of the level of the total payments that will be received from our parents form an important element in schools' annual financial plans. Decisions about the level of financial support requested of parents require the approval of the school council, which plays an important role in the school's financial planning arrangements to meet the needs of our students.

If you believe full payment for your child will create financial difficulties, please discuss a payment plan with our Business Manager, Mrs Raewyn Lawrie.

We trust parents will support the school's efforts in providing a well-rounded and rich education by paying these fees.
